 Deepen customer relationships

Serve customers anytime, anywhere

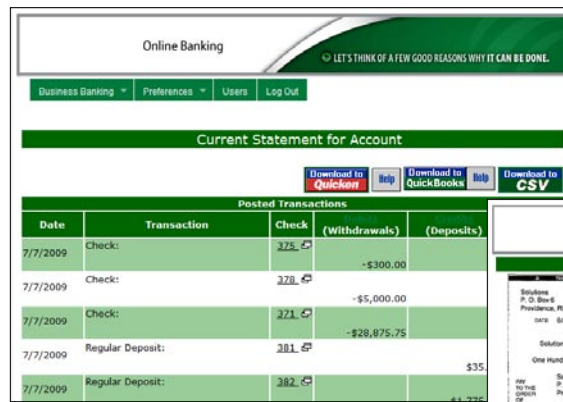

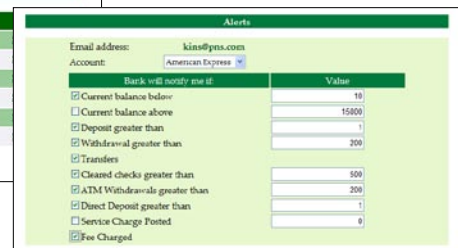

Internet banking with FlexConnect allows your financial institution to maintain important relationships with banking customers and to meet the business needs of commercial clients.

FlexConnect delivers expansive account information to serve a wide variety of inquiry needs. Customers have access to up-to-date balances, transfer funds, transaction history and even check images. Customers who rely on Quicken & QuickBooks enjoy automated integration with their personal financial management software.

Commercial clients expect more from their bank and FlexConnect responds with a full suite of business banking features. Business clients can be offered Wire, ACH and Positive Pay services, along with restricted account access for their employees. Services are tailored to meet the processing policies of the financial institution to ensure effective oversight.

View portfolios in one step. Clients can create email alerts to help monitor account activity.

Account details include download into Quicken and QuickBooks, check image viewing.
